List of Figures

Figure No.	Caption	Page
E' 4.4		No.
Figure 1.1	Chemical structure of glimepiride	19
Figure 1.2	Chemical structure of amlodipine	19
Figure 1.3	Chemical structure of atorvastatin	19
Figure 3.1	The absorbance profiles of atorvastatin, amlodipine, glimepiride in	36
	relation to the baseline sample.	
Figure 3.2	The chromatogram of a sample containing amlodipine under the	37
	chromatographic conditions	
Figure 3.3	The chromatogram of a sample containing glimepiride under the	38
	chromatographic conditions	
Figure 3.4	The chromatogram of a sample containing atorvastatine under the	39
	chromatographic conditions	
Figure 3.5	The resolution pattern of amlodipine, glimepiride and atorvastatin	41
	mixture dissolved in diluent	
Figure 3.6	The chromatogram of a sample containing a mixture of amlodipine,	43
	glimepiride, atorvastatin, and propylparaben.	
Figure 3.7	Calibration curve of glimepiride	44
Figure 3.8	Calibration curve of amlodipine	44
Figure 3.9	Calibration curve of atorvastatin	45
Figure 3.10	Calibration curve of glimepiride in plasma	47
Figure 3.11	Calibration curve of amlodipine in plasma	47
Figure 3.12	Calibration curve of atorvastatin in plasma	48
