

June 11

Whatever exists in the heavens and on the earth belongs to God.

To Him also belongs the true faith.

Then, [O people,] will you still fear something other than God?

Remember, whatever bounty you have received is entirely from God.

When any harm touches you,
it is to Him that you cry aloud for help
and He alleviates the harm.

Yet some still choose to associate partners
with their Lord.

Let them have their disbelief
and enjoy what they have been given.
Eventually the Truth will be known.

God sends rain down from the sky
to revive the dry earth after it was dead.
This is only one sign
for people who care to listen.

And there is another sign for you in cattle.
From the udders of cattle,
We give you pure milk.
Although it comes out
between excretions and blood,
the milk is good and pleasant to drink.

God also created fruits
of the date-palm and vineyard,
from which one can make healthy products
as well as intoxicating drink.
In this there is another sign
for those people who would comprehend.
