Abstract

The Arab World And Globalization: Present Status And Future Prospects

Globalization is one of several other phenomena facing our contemporary World as it brings about a number of challenges to the developing World including our Arab countries. The Globalization Phenomenon is not, however, confined to the economic aspect, but rather has social, cultural, ecological, and Political Impact.

This study tries to identify the advantages and disadvantages of the Globalization concept and the means which enables the Arab to deal with it. This paper also tries to highlight the main features of the present Arab status, and to improve the future prospects, of the economical, social, political, and even the military potentiality of the Arab World.
